

Brush for Radiators and Blinds SHB 20

For greater cleaning efficiency and precision.

Durable yet gentle, this bristled brush works its way into crevices to clean dust from radiators, blinds vents, refrigerator coils, air conditioners and decorative vases.

The SHB 20 is a set comprising of an attachment for blinds and a fully compatible short crevice nozzle with a length of 6 inches. This set can be used in conjunction with all Miele vacuum cleaners. The enclosed crevice nozzle can also be used as an accessory in its own right, and can be used to clean narrow spaces and corners.

Suitable for all Miele vacuum cleaners.

Includes:

- Radiator Brush
- Crevice Nozzle

Cleans vents.

Dusts radiators.

Crevice nozzle cleans furniture.
